

Big Guys Pinball Nucore** RFM Tournament**

Big Guys Pinball will be hosting a RFM tournament showcasing Nucore version 2.0 with networking support. Nucore 2.0 will allow Pinball 2000 owners to connect to local or remote internet tournament server across the world. No special hardware or routers are required. It will work with any Ethernet adapter supported by Ubuntu Linux. To celebrate this achievement Big Guys Pinball will be giving away a free Nucore Base unit (~\$400 retail value) to winners in each division.

To sign-up for the tournament you will need to attend our seminar (Nucore: Let the Tournament Begin! – Friday Oct. 22nd 11am CST <http://www.pinballexpo.net>.) We will discuss details of the tournament mode and new features in the 2.0 software. We will provide sign-up forms that you will fill out and hand back to us. Tournament times will be announced. You will play one game on our RFM demo machine and that will count as your entry. A winner from each division will be announced Saturday evening and you don't need to be present to win. You may also fill out this form and hand it in at our seminar.
